OBJECTIVES

Experienced Fullstack Web Developer proficient in React.js and Node.js, adept at creating scalable web applications with RESTful APIsand cloud deployment. Skilled in collaborative problemsolving, delivering high-quality solutions to enhance user experiences

EXPERIENCE

GoZen Technologies, Coimbatore   **2022–Till Now**

Full Stack Web developer

- Crafted dynamic React.js UIs, optimized for responsiveness, backed by Node.js.
- Engineered RESTful APIs, managed server logic, and seamless database integration.
- Implemented Redux and Zustand like libraries for efficient state management, enhancing app performance.
- Collaborated across teams, ensuring project alignment and adherence to standards.
- Demonstrated adept problem-solving, resolving technical challenges for successful deliveries.

Products and Work

- *GoZen Notify –* A push notification software that can be embeded into websites to boosts customer engagement and retention. I worked on the full product at Gozen Notify, collaborating with another person to develop this application.
- *Content.Ai* – GoZen Content.ai generates SEO-optimized content and images quickly using AI, and support for multiple languages. It simplifies content creation for blogs, social media, and more. I worked partially on the Playground module at Gozen Content.ai.
- *Chrome Extension for Content.Ai* – I worked on the initial stages of creating the Content.ai Chrome extension tool.
- *HyperReach.Ai* – Its an AI-powered LinkedIn based outreach personalization platform that creates hyper personalized outreach content based on social signals. I worked on implementing workspace-based CRUD actions and team functionalities, such as sharing workspaces with teammates.

TNQ Technologies Private Limited   **2020 – 2022**

Senior Associate – Quality Control

uality control specialists in e-publishing ensure digital publications meet high standards of accuracy, consistency, and readability through meticulous proofreading and formatting checks, collaborating to enhance overall quality.
